

November 19, 2021

**For Immediate Release:**

Sheneen McClain confirms the settlement of her civil rights lawsuit for \$15,000,000. No amount of money will ever bring Elijah back to his mother. Ms. McClain would return every cent for just one more day with her son.

There will be an allocation hearing in the near future to determine the distribution of the settlement between Ms. McClain, who raised Elijah as a single parent, and the biological father.
