

December 21, 2022

FOR IMMEDIATE RELEASE

RATHOD | MOHAMEDBHAII LLC has brought a class-action lawsuit against Defendants St. Mary's Hospital, SCL Health, and Intermountain Healthcare, on behalf of individuals who were victims of Registered Nurse Christopher Lambros. Nurse Lambros worked at St. Mary's Hospital in Grand Junction, Colorado for over ten years. During that time, Nurse Lambros drugged, inappropriately viewed, sexually touched, sexually penetrated, and/or took lewd photos and videos of patients. Nurse Lambros is currently in jail awaiting trial on charges of sexual assault.

Law enforcement has uncovered approximately four terabytes of data originating from Nurse Lambros's devices, including videos from his cellphone showing Nurse Lambros sucking on the breasts of and digitally penetrating unconscious female patients. Four terabytes of data amounts to approximately 700,000 cellphone photos or 65,000 hours of cellphone videos. Nurse Lambros called these photos and videos his "*Dexter* collection."

This lawsuit seeks to hold Defendants St. Mary's Hospital, SCL Health, and Intermountain Healthcare accountable for the numerous corporate failures that permitted Nurse Lambros to abuse patients and invade their privacy. Defendants gave Nurse Lambros access to thousands of patients.

Any individual who was a patient at St. Mary's Hospital who was treated by or who was accessible to Nurse Lambros during his time as employee of the hospital from 2012 to 2022 could be a potential victim. We encourage potential victims, or anyone who might have information related to this case, to reach out to our office.
